We appreciate your support in promoting the use of the Concession within the Bob Snodgrass Recreation Complex for all guests and the "no commercial food or beverages" rule that the management and staff of the Complex regularly support and enforce. The Concession offers healthy food options as well as regular concession foods. For Birthday Parties within the Complex, we have implemented a "first right of refusal" procedure and we appreciate the opportunity to work with you first hand to ensure that your event runs smoothly and is supported.
