**UNITED WAY/HIGH RIVER PARTNERSHIP**

---

Each year, United Way invests in agency programs and long-term initiatives to make the most difference in our communities. To help ensure that donations reach essential local programs and services in communities surrounding Calgary, United Way of Calgary and Area has partnered with the Towns of Cochrane, **High River**, Okotoks, Chestermere, and Strathmore. These relationships are referred to as Area Community Partnerships. Each partnership community is guided by a locally-run volunteer committee that ensures donations address the unique needs of these communities.

Through funding from the United Way of Calgary and Area and through local fundraising efforts, the United Way/High River Partnership Committee is able to provide grants to community organizations each year.

**THE 2012 COMMUNITY GRANT APPLICATIONS ARE DUE BY JANUARY 16, 2012. TO DOWNLOAD THE APPLICATION, [CLICK HERE](#).**
