TOWN OF HIGH RIVER BYLAW 4299/2011 - RATE SCHEDULE "A" Effective March 14, 2011 (Unless Otherwise noted)					GST TABLE E = EXEMPT I = RATE INCLUDED GST T = TAXABLE, TAX ADDED EXTRA TO THE STATED RATE	
2011						
GST	SERVICE	Rate as of March 14, 2011	UNITS OF MEASURE	AUTHORITY	DATE OF LAST REVISION	
	WASTEWATER - Bylaw 3596/88					
	Metric conversion for reference only					
E	Wastewater rates are based on a service fee and a fixed rate. Service fee is based on the size of the water meter and the fixed rate is based on the metered water consumption			3596/88	Sept. 2010	
E	Summer months (May through Oct) consumption for residential will be calculated using the 3 previous winter water billings (Nov/Dec, Jan/Feb, Mar/Apr – a minimum of one winter history). If the water consumption in a summer billing period is less than the previous winter average or the Flat Residential Fee (used for when there is not 1 years continuous water consumption), then the current consumption will be used.			3596/88	Sept. 2010	
E	Flat Residential Fee - Where the owner does not have at least one year continuous Winter consumption history or customer does not have a water meter, a flat fee for wastewater produced will be charged plus the service fee.	\$27.00	per/month	3596/89	Sept. 2010	
	WASTEWATER CUSTOMERS WITH WATER SUPPLY BY SOURCE OTHER THAN TOWN SUPPLY- Customers with a metered water source other than the town water supply will be charged according to the wastewater rates and fees defined below in line with the appropriate customer class. When mandated or requested meters must be installed as per Town requirements at the customers expense and access provided to the meter and other bylaw provisions as per the town's water bylaw(s). If no metering is in place, metering may be mandated by the town on their water supply as per the town bylaw(s) or may be requested by the customer in writing to the appropriate department. The customer is responsible for all costs incurred.			3596/89 and 3545/85		
E	Exemptions for the wastewater rate and fee apply for irrigation meters (no wastewater charge for meters designated as irrigation) and customers who are not connected to the town wastewater system.			3596/88	Sept. 2010	
E	Exemptions apply for commercial/industrial customers where 15% or more of their water usage is used in a sellable product. Customers must apply in writing for this exemption. Proof will be provided by the customer to the Town's satisfaction of the average percentage on an annual basis or as requested by the Town. This average will be subtracted from the wastewater rate.			3596/88	Sept. 2010	
	Residential- Single Family Homes, Duplexes and Multi-Residential, Apartments, Trailer Parks, etc.					
	RESIDENTIAL Service Fee					
E	Service fee 5/8" meter	\$15.00	bi-monthly	3596/88	Sept. 2010
